Re: Bhagat Singh Thind.

The applicant appeared at this office and brought with him his schedule, being a record of his appearances as a lecturer at various cities between August, 1926, and September, 1930. The record was in his own pencil notation. He visited Chicago, Milwaukee, St. Louis, Detroit, Cleveland, Pittsburg, Philadelphia, New York, Cincinnati, Des Moines, Buffalo, Boston, Toledo, Washington, Los Angeles, San Francisco. He remained usually one month, on some occasions two or three months. Note the attached memorandum containing the exact periods he remained in each of the cities he visited. He stated that it would not be possible for him to obtain depositions to cover the periods shown. He had his headquarters at Salt Lake City from 1923 until August, 1926, but is unable to furnish depositions to cover this period. He stated that if the Service desired, it could obtain from the leading newspapers of the cities visited, verification of the fact that he appeared there at the times given.

It is recommended that this report and enclosure be attached to the case, and if the case is otherwise complete, that it be referred to the Designated Examiner.
